

## Midwest Trail Ride – Dog Policy

Dogs are a huge liability, please determine if your dog is a good fit for a campground atmosphere before you bring him.

1. Do not assume everyone loves your dog. Some people are allergic and afraid of dogs; please be respectful of other campers.
2. Dogs & small pets are not permitted in the store, restrooms or activities hall ...this includes therapy animals. Unless you have a Service Dog that is needed to help you check in, leave them outside please.
3. Dogs must be kept on a leash at all times in the campground and contained to your campsite only! NO EXCEPTIONS!
4. Dogs must be able to be quiet on your campsite at all times! Complaints of barking dogs will not be tolerated! Dogs will not be permitted to be left tied to your camper trailer; we strongly suggest putting dogs inside your camper while you are gone riding.
5. Campsites are not doggie toilets, please pick up your doggie's "doo" and dispose of in manure pits.
6. Non-compliant dog owners will not be allowed to bring dogs back to the campground. Please determine if your dog is a good fit for our campground before you bring him....you and your fellow campers will be happier.
